www.iatdmct2021.org
IATDMCT is the premier international event in the field of therapeutic drug monitoring and clinical toxicology. Topics include alternative sampling strategy, anti-infective drugs, clinical toxicology / drug of abuse, immunosuppressive drugs, pharmacogenetics, standard of practice, TDM in oncology, young scientists, pediatric patient.

WHO SHOULD ATTEND

The target audience is:
- Public and private researchers
- International Scientists
- Healthcare Professionals
- Clinicians from around the world.

WHY ATTEND

IATDMCT conferences are exceptional opportunities to:
- Share research and experiences in basic, clinical and translational pharmacology and clinical toxicology.
- Present and get updates about recent achievements and new developments in the research.
- Illustrate case studies and share best practices.
- Join special programs for students and practitioners.
- Network during sessions and social programs.

WHERE AND WHEN

ROME, SEPTEMBER 2021

The Angelicum Congress Center is the seat of the Pontificia Università S. Tommaso d’Aquino.
The venue is close to the Colosseum, the Quirinal Palace and the Roman Forum.

HOW TO REACH AND STAY

Rome can be easily reached by train or plane. The international airport Roma Fiumicino is well connected with the railway station. Roma Termini railway station is located about 20 minutes walk from the Angelicum Congress Center. There are a range of accommodation options within walking distance.
